REPORT OF GUEST LECTURE FOR MBA IInd YEAR STUDENTS

Marathwada Mitra Mandal's IMERT Pune organised Guest Lecture /webinar for MBA IInd year students on "Stock Market Terminologies" speaker for the lecture was Mr. Sameer Gandhi, Stock Market Consultant and Founder of Kanchan Investments. Dr. Rupendra Gaikwad, Head of Dept, IMERT formerly welcomed and introduced Mr Sameer Gandhi. Being an engineer by qualification he choose to enter the stock market and is one of the successful names in Pune E- Stock Broking ltd. and diverted into Green energy and is supplying solar systems.

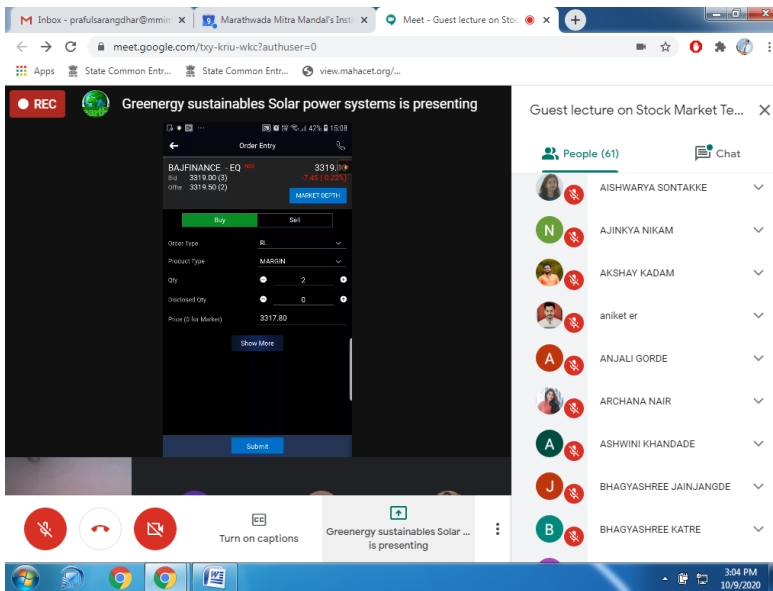

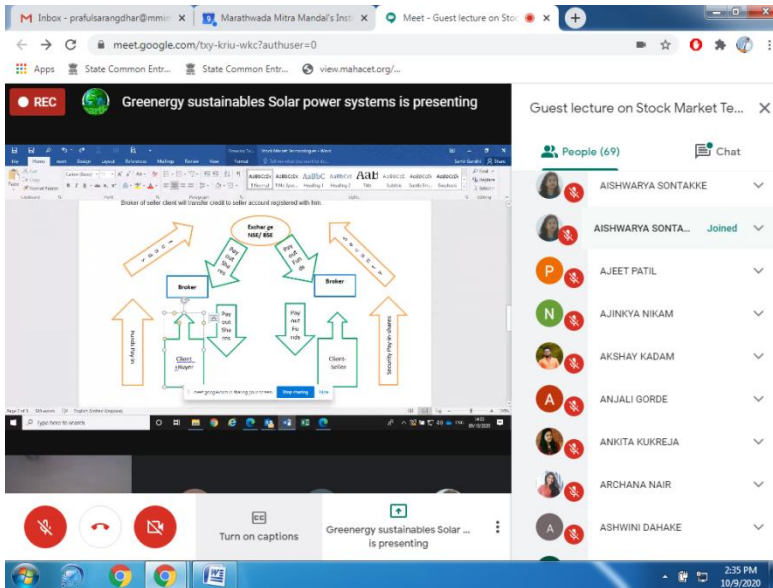

Mr. Gandhi explained the basic concepts of stock market, Forms of business are Sole Proprietary firm, Partnership Firm, Private Ltd companies and Public Ltd companies.

Why shares are sold by companies to collect equity capital, Capital can also be collected through debts. Usually public ltd companies raise capital through public offerings. Public ltd companies to raise capital from public need to register their company with SEBI. Stock market is a place where two types of people come together one who needs funds for business and other who have excess fund and want to invest in business. When you buy a share of any company you become partial or proportionate owner of that company. Share market is divided into two parts; Primary Market: IPO, FPO, Offer for sale takes place. Secondary Market is where sellers and buyers come together through e-platform to trade the shares and earn money. He explained the transaction at stock market through flow chart. He logged in the portal which showed live status of buying and selling of shares at secondary market. Various reports generate through the portal, with some examples he showed the demo how trading takes place. How documentation takes place, when you buy shares. Contracts from brokers and other related documents received. How does Dmat account function, who all can open dmat account? what is concept of T+2 Transaction day and second working day after transaction your accounts will be settled , shares will be sold from your dmat or if you have purchased shares amount will get deducted and shares will be seen in your dmat account. How people earn money from the market and what can make you lose money in market is a question of experience and study.
