

Traffic Awareness Campaign (20.03.2018)

Pune district has reported the highest number of accidental emergencies in Maharashtra in 2017, according to the data released by state-backed Maharashtra Emergency Medical Services (MEMS), one of the most widely used networks in case of road emergencies.

On 20.03.2018, IMERT staff and students took initiative in this direction of Traffic awareness under able guidance of Dr.Shriram Nerlekar (Director, IMERT) and displayed flexes and placards at various traffic signals from Balgandharava Square in Shivaji nagar to Dahanukar square in Kothrud highlighting importance of Helmets, Stop line, Zebra crossing and avoiding usage of mobile phones while driving. In all, 50 students participated into the activity.

The signals covered were as follows: - 1. Balgandharava signal, 2. Four Wheeler bridge, 4. Excel Petrol pump, 3. Nal stop signal, 4. Karve status signal and 5. Dahanukar square signal.

Dr.Jitendra Bhandari, prof.Vinod Mohite, prof.Aparna Shastri, prof.Swapnil Kharde, prof.Praful Sharangdhar, prof.Sachin Kshirsagar, prof.Yogesh Jadhav and Dr.Pranav Kayande,coordinated the activity.
