Week 1 -

Marathwada Mitra Mandal's Institutes of Management Education Research and Training (IMERT) has organized Induction Program for MBA I year students of the 30th batch from Thursday, 17th August, 2023. The three-week long Induction Program includes; student's Pre-assessment, Ice-breaking activities, Orientation, Outdoor Management Training (OMT), Soft skills input, and foundation courses.

On boarding and joining activities took place on first two days of the induction (i.e., on 17th & 18th August 2023). Students completed the admission documentation and various form filling like - Anti-ragging form etc. Students were provided support for the queries about the fee and scholarship scheme, by the admin staff of the Institute. Orientation on Anti-ragging was given by prof Aparna Shastri. Also, students filled the Anti-ragging form in computer lab.

Various corporate guests and experts were invited to address students and provided guidance for their career and self-development over the first week of the Induction. On Monday, 21st August, Inauguration of Induction Program took place at the hands of Chief Guest Mr. Rajesh Dhongade, Vice President, Kalyani Forge Limited. He advised students to "Decide, what coveted position you wish to occupy in the industry keeping your career goal in the mind." He narrated his journey from the early career till present day Vice President position and advised students on importance of constant learning and upgrading. Mr. Vishal Vyas, Chief Solutions Officer, Knowlathon IT Services Pvt. Ltd. graced the occasion as a Guest of Honor. Mr. Vishal Vyas, highlighted that the responsibility of career building lies with the students themselves. He also guided students that the employment package they get and their career graph will depend on how earnestly they pursue their goals.

Dr. Milind Jagtap, Chief Mentor and Chairman at Softhard Automation Pvt. Ltd. and Dr. Gohokar, Principal, MMs College of Engineering, also shared their guidance with the new batch students on this occasion. Dr. Shubhangee Ramaswamy, Director of the Institute, welcomed and felicitated the guests for gracing the occasion and investing their time to guide the future generation managers. In the afternoon, Anamitra Dasgupta & Abhilasha Joshi, Head CSR - Pune at WNS Global Services, conducted a session on personal grooming and introduction to the WCF Fellowship Program. Next the students are made aware of the Institute's CSR activities, as well as code of conduct and mentoring system.

Day two of the induction started with the orientation on the 'Outcome Based Education and Evaluation'. After this Ms Dhanashree Ghare, Professional Counsellor conducted a session on the 'Positive Emotions'. She explained the concept and importance of understanding own emotions and using the understanding positively in the life situations. The students had an introduction to the institute alumni association and an opportunity to listen to the present alumni, who shared their career building experiences. Orientation to Alumni association was given by Dr Vinod Mohite. Alumni interaction was held to make student understand the corporate reality.

Internal Complaint Committee of the Institute organized a session on 'Prevention of Sexual Harassment at work place' (POSH). Ms Mrunal Patel- External advisor and legal expert, conducted this session.

The third day started with "Orientation to Entrepreneurship" by Mr Amol Nitave, CEO & Founder EvolvingX. He explained his own experience with the examples about the struggle that is involved from startup days, ability required to overcome challenges and

the entrepreneurial mindset. After this session there was an introduction to the "Placement cell" of the Institute, followed by very informative lecture by Dr Rakesh Suram, Board of Studies (BOD) member (Accountancy) SPPU on 'Indian Knowledge System'.

Day 4 started with a session on " Developing Managerial Skills by Mr. Avadhoot Joshi, HR manager, Infinite variable Pvt Ltd. In the afternoon Orientation session on ISR initiatives and Mentoring at IMERT was given to the students. This session was followed by Session on "Unlocking managerial success through effective communication by Sneha Waghatkar, Freelancer corporate trainer.

Mr. Abhishek Pandey, Head HR, Lexicon Networks conducted a session on "Campus to corporate" on the day five morning. After this student participated in the AMCAT Employability orientation assessment session by Mr Suraj Minocha, Regional Manager – SHL. The Aspiring Minds Computer Adaptive Test (AMCAT) was conducted to evaluate students in multiple disciplines to check their competence for various jobs. After giving AMCAT test students get a clear picture of their strengths and weakness. This test provides them with a comprehensive feedback report. In this way, potential candidates get a clear picture of their strong points and fallouts. They are thus empowered to choose the right career for themselves.

Day 5 was started by session on Anti- ragging Rules and reforms asper AICTE Mandates by Advocate Manoj Wanare. Adv. Wanare gave various inputs on anti-ragging to the students.

On the 6th day of the first week Mr. Amol Dede – Martial Art Expert, conducted a live demonstration of self-defense for personal safety for all the students. Students enjoyed the live demonstrations given by the team of Mr Amol Dede. In the post lunch session Mr.Yuvraj Nagtilak of Nagri Suraksha Dal conducted a session on the Disaster Management. He demonstrated the techniques in Fire management, use of different gadgets for fire extinguishing, how to rescue the persons and animals in case of the fire and endangered situation.

Week 2 –

In the second week, workshops and foundation courses were organized for the graduate students coming from different disciplines. The purpose was to impart the basic conceptual understanding to the students to prepare their foundation for the subjects, which were not available at their graduation level but are essential for the business management program. The subjects included Economics, Accounts, Management Fundamental, MS Office, Digital Marketing, English Communication, conducted by the Institute faculties.

Several Skill based workshops were conducted for the students. The workshop topics included Time management, CV Writing, Email writing, Personality development, and Goal setting. All the workshop were conducted by the corporate trainers from Fuel India.

Students are divided in Alpha, Bravo and Charlie batches for attending these course and workshops.

On the **first day** of week two students of Alpha, Bravo and Charlie batches attended the session on MS Office, Accounting, Economics in the morning and workshops of CV Writing, Email Writing, and Time management in the afternoon respectively.

On the **Second day** students of Alpha, Bravo and Charlie batches attended the session on MS Office, Accounting, English communication in the morning and workshops of Email Writing, CV Writing, and Personality Development in the afternoon respectively.

On the **Third day** students of Alpha, Bravo and Charlie batches attended the session on MS Office, Accounting, English communication in the morning and workshops of Time Management, Personality Development and CV Writing in the afternoon.

On the **fourth day** students of Alpha, Bravo and Charlie batches attended the session on English communication, MS Office, Accounting in the morning and workshops of Personality Development, Time Management, and Email Writing, in the afternoon.

On the **fifth day** students of Alpha, Bravo and Charlie batches attended the session on English communication, MS Office, Accounting in the morning and workshops of Goal Setting, Social Media Marketing, and Digital marketing in the afternoon.

On the **sixth day** students of Alpha, Bravo and Charlie batches attended the session on English communication, MS Office, Accounting in the morning and session on Economics and workshops of Goal Setting and Social Media Marketing in the afternoon.

Basics of MS Office – MS Office classes were conducted by Dr. Ravi Achaliya. He has experience of training employees and executives in the industry. The student's sessions covered MS Office software like MS Excel, MS Word. The Basic purpose was the, use and operations of these software along with introduction of the selected functions. The aim was to prepare students for the training of the advance utilities of this software during the MBA program.

Foundation course on Accounting - The classes were conducted by Prof. Amit Rana. He has experience in teaching the subject for management students at post-graduation level. Non-commerce background students who needed the introduction of the basic accounting subject and syllabus intended at graduation level, attended these classes. Through the feedback of students, it was evident that they understood the basic of accounting and it is very useful for them.

Foundation course on Economics - The classes were conducted by Prof. Chaitrali Kale. Economics subject is considered to be difficult by many students when they learn it at the graduation level. In this training the aim was to cover the basics of the subject and make it as simple to understand as possible so as to remove the fear from student's mind.

CV writing - A CV outlines a person's academic and professional history which is usually used for applying for jobs. It is important to have a good CV. In most situations, a CV is the first contact one has with a prospective employer and it is a chance to make a good first impression. It is required for moving further in the interview process. Students learned how an excellent and well-crafted resume can show companies right away why a candidate is a good fit.

Email writing – The global workplace forces us to refine our communication skills. Emails help to keep written records of information. Email writing demonstrates the intelligence and ensures effective business communication. Emails help a company contact with employees, partners, and clients. Students learned to write an email in a proficient and precise yet informative way. This way the recipient will clearly understand their message and helps them in effective business communication.

Time management – Knowing how to manage your time properly brings a number of great benefits to your work routine and life overall. Time management helps you become more organized. When you properly manage time, you get more done and save more time for activities you truly enjoy. You'll be easily able to stick to your plan and complete your daily tasks without stressing about them. Students also learned to time which will prevent missing deadlines or forgetting errands and utilize available time in optimum way.

Foundation course on English Communication – The training was imparted by Prof. Vivek Dighe. English communication skill is very important to face the placements rounds and interview. The resource person identified present level communication skill of the individual students and guided them for further improvement through the practice. Through this workshop students learned the importance of good communication and methods to improve the communication skill.

Personality development - Personal development is the continuous act of assessing life values and goals and building qualities and skills to reach one's potential. Employees consider it imperative to their job and future, while employers cite personal development as a way to advance company abilities. Being a leader or manager is a very difficult role because it is a role which has high responsibilities and duties to perform. It entails the growth of psychological intelligence, interpersonal skills, communication abilities, leadership qualities, and other beneficial aspects. Students learned to engage with others more effectively, and confidently.

Goal Setting - Goal setting serves as a powerful tool to not only communicate expectations but also to illustrate the broader impact of your team's efforts. Goal-setting benefits not only the employee but the organization as a whole. Students learned the importance of staying focused and aligned with the company's strategic objectives, resulting in improved overall organizational performance.

Digital marketing – Social media marketing is also known as digital marketing and e-marketing. Digital marketing is the use of digital channels or technologies to sell or promote a product or service. Content marketing, email marketing, pay-per-click (PPC) advertising, and SEO all fall under the umbrella of digital marketing. Digital marketing helps brands reach their target audience and promote their product or service. While that's the goal of a traditional marketing campaign too, digital marketing allows brands to target a more specific or niche audience. Students learned how to connect with customers digitally to build a wider audience.

WEEK 3 – 4 SEPTEMBER 2023 TO 9 SEPTEMBER 2023

Week 3 –

On the **first day** of third week students of Alpha, Bravo and Charlie batches attended the session on Accounting, English communication, MS Office in the morning and workshops of Quantitative Aptitude, Digital Marketing and Goal Setting in the afternoon respectively.

On the **Second day** students of Alpha, Bravo and Charlie batches attended the session on Accounting, English communication, MS Office in the morning and workshops of Digital marketing, Quantitative Aptitude and session on Research Methodology in the afternoon respectively.

On the **Third day** students of Alpha, Bravo and Charlie batches attended the session on Accounting, English communication, Management Fundamental in the morning and Preassessment test by 'First Naukri' and ERP form filling in the afternoon.

On the **fourth day** students of Alpha, Bravo and Charlie batches attended the session on Research Methodology, Management Fundamental, Quantitative Aptitude in the morning and Preassessment test by 'First Naukri' and ERP form filling, in the afternoon.

On the **fifth day** students of Alpha, Bravo and Charlie batches attended the session on Research Methodology, Management Fundamental, English communication in the morning and workshops of Universal Human Values in the afternoon.

On the **Sixth day** students had an experiential learning through the Outdoor management Games (OMT) on the college ground and open spaces on the campus.

Quantitative Aptitude – A person with a quantitative aptitude will be in a better position to analyse and make sense of the data given. Such a person will also be at ease with numbers. Therefore, quantitative aptitude is an important measure for a prospective business executive's ability. Quantitative aptitude is easy to crack if you know the right way to solve the question, and more importantly, if you are strong in your numerical skills. Students learned the methods to develop the quantitative aptitude.

Goal Setting - Goal setting serves as a powerful tool to not only communicate expectations but also to illustrate the broader impact of your team's efforts. Goal-setting benefits not only the employee but the organization as a whole. It enables employees to stay focused and aligned with the company's strategic objectives, resulting in improved overall organizational performance. Through this work shop students learned to set the goals for themselves.

Research methodology – Research methodology is a fundamental framework for investigating and understanding various phenomena, with significant implications for business management. Its purpose lies in facilitating informed decision making, problem-solving, performance evaluation, and fostering innovation. This knowledge results in -

- **Evidence-Based Decision Making**
- **Risk Mitigation**
- **Strategic Planning**
- **Continuous Improvement**

Universal Human Values – Universal human values play an important role in the life of humans at various stages including their homes, education and career. In life, there is a major influence of friends and teachers on the behaviour. When students enter the college or professional course, the social circle plays an important role which has a dominant impact on humanity and moral capabilities. Thus, the overall personality and values of an individual depends on all of these circles and factors. Students learned the necessity of being for being good human beings, and have a better and more positive working environment with motivating and supportive relations.

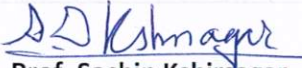

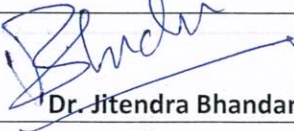

ERP form filling / Pre assessment test – Pre assessment test and ERP form filling was planned in the third week. The institute has implemented the ERP software, students’ initial data collection and registration was done in this session.

For the planning of the training courses in the year a pre-assessment session was conducted for the students, to record their knowledge, for planning of further inputs.

Digital Marketing - While traditional marketing methods are still relevant in our modern age, the amount of time we spend and rely on the internet has meant that digital marketing has boomed. Digital marketing is a lot more cost-effective than traditional marketing methods. The customers today are online, waiting to discover good and brands online. The knowledge of digital marketing strategy is essential to tap into this potential. Students learned about the modern marketing methods through this workshop.

Outdoor management Games (OMT) – At the end of the three-week Induction program an outdoor management games day was planned. The games students played had many learnings regarding team work, communication, cooperation and support, planning, organizing. The games included Sheep and Shephard, Acid Walk, Mine field, Stack the Stacker etc. The challenges in the games included use of physical abilities like balance, endurance as well as mental skills such as logic, arithmetic ability, leadership traits. Students learned various aspects of managerial function and team work in a practical method.
