

Since 1994

AY: 2023-24

## Minority Committee A.Y 2023-244

### Preamble:

Education must be a catalyst for growth, particularly for the nation's minorities. A country's ability to develop depends on how well-organized its minority are to support the country's overall progress. There is still a clear disparity in the development of minorities despite government attempts.

Any region's ability to create prosperity is based on its human resources. By placing educational facilities in places where minorities are concentrated, we may improve their quality and availability while also making greater use of the nation's human resources.

Minority committee is established to facilitate them to prosper in personal and professional life.

### Objectives of Minority Committee

1. To keep track of minority students' admissions and job opportunity records.
2. To enhance equal opportunities for education and development of minorities.
3. To create awareness among the minority students regarding various scholarships program of Government.
4. To encourage enrolling for career orientation programs which would empower and equip them with the necessary skills to choose a career option

### Functions and Responsibilities of Minority Committee

1. To maintain database of Minority students within the institute to facilitate various services.
2. To investigate and analyze the problems surrounding the socioeconomic and educational advancement of minorities.
3. To help resolve individual concerns in academics.

Frequency of Meetings for Minority Committee: Twice a year.
