World Environment Day e-Poster Making Competition

On the occasion of World Environment Day, Marathwada Mitra Mandal's Institute of Management Education Research and Training (MM's IMERT) had organized an E-Poster Making Competition on 5th and 6th June 2025 to raise awareness about environmental protection and sustainability.

7 Students participated and showcased their creativity and concern for the environment through impactful digital posters. The e-posters reflected a deep understanding of pressing environmental issues such as land degradation, climate change, plastic pollution and waste management. This initiative not only encouraged students to express their ideas artistically but also reinforced their responsibility toward a sustainable future.
