Brief report /Description on the event

A single blood donation can save up to three lives, making it a crucial contribution to the well-being of individuals and communities. Blood donation fosters a sense of Social Responsibility and Community Engagement. Donors feel a sense of satisfaction and fulfillment, knowing that their contribution is making a difference in someone's life. This sense of responsibility and engagement promotes a culture of giving and volunteering, ultimately strengthening community bonds. Keeping this in mind, **Marathwada Mitra Mandal's Institute of Management Education Research and Training, and College of Engineering** in association with **Armed Forces Medical College (AFMC)**, Pune, organized Blood Donation camp on 3rd March 2025. This was carried out in the memory of Founder President, Marathwada Mitra Mandal, Hon Late Shri Shankar Rao Chavan, Former Home Minister, Govt of India. **Total 82** donors including students and staff contributed to this noble cause. All donors underwent a thorough medical check-up, including blood pressure, hemoglobin, and blood group testing before the donation.
