Since 1994

Since 1994

Since 1994

Marathwada Mitra Mandal's Institute of Management Education Research and Training (MM's IMERT) in collaboration with Makeintern – IIM Bangalore, under the guidance of Dr. Shubhangee Ramaswamy, Director, organized a five-day Advanced Excel Training Program from 25th to 29th November 2025 for students. The sessions were conducted by Mr. Vinayak Naicker, an experienced corporate trainer known for his expertise in data analytics and advanced spreadsheet techniques.

The objective of the program was to equip students with practical, industry-relevant Excel skills essential for data handling, analysis, reporting, and decision-making. Over the five days, students received hands-on training on advanced formulas, nested functions, lookup operations like VLOOKUP as well as data cleaning and validation techniques. They also worked with Pivot Tables, Pivot Charts, conditional formatting, and learned the basics of dashboard creation and handling large datasets. Productivity tools and shortcuts were shared to improve efficiency, and the sessions remained highly interactive with real-time practice exercises.

A practical test was conducted at the end of the program to assess students' understanding and application of the concepts learned. The assessment helped reinforce their learning and measure their skill development.

The training proved to be highly beneficial, boosting learners' confidence and competence in using Excel for academic assignments and future professional requirements. Students appreciated the clarity, practical approach, and expertise of Mr. Naicker. The Institute expresses its gratitude to Makeintern – IIM Bangalore and Mr. Vinayak Naicker for delivering a valuable and impactful training program that supports students in preparing for data-driven roles in their careers.
