<b>No of Donors</b>	<b>83</b>		

Since 1994

### Brief report /Description on the event

Blood donation is a powerful act of kindness that can transform lives—not just for those who receive the blood but also for those who give it. We often underestimate the profound impact of donating a pint of blood. It's more than a medical necessity; it's a gesture of humanity that profoundly bonds us. Donating blood is more than just a selfless act of community service. Blood donation fosters a sense of Social Responsibility and Community Engagement. Donors feel a sense of satisfaction and fulfillment, knowing that their contribution is making a difference in someone's life. With this sense of responsibility and engagement **Marathwada Mitra Mandal's Institute of Management Education Research and Training**, and College of Engineering in association with **Armed Forces Medical College**, Pune, organized Blood Donation camp on **18th August 2025**. This Camp was organized in memory of the Hon. Late Shri Vilasraoji Deshmukh, the Ex President, Marathwada Mitra Mandal Pune. The donated blood was utilized for Indian Army Personnel. All eligible Staff and Students came forward and participated in this humanitarian cause.

**Total 83** donors including students and staff contributed to this noble cause. All donors underwent a thorough medical check-up, including blood pressure, hemoglobin, and blood group testing before the donation.
